Songs and rhymes to share

Twinkling Stars

At night I see the twinkling stars (wiggle fingers)
And the great big shining moon (arms circle overhead)
My mama tucks me into bed (fists under chin)
And sings this goodnight tune
(sing Twinkle Twinkle)

Twinkle Twinkle Little Star

Twinkle twinkle little star
How I wonder what you are
Up above the world so high
Like a diamond in the sky
Twinkle twinkle little star
How I wonder what you are

Moon Ride

Do you want to go up with me to the moon?
(Point to friend, self, then to sky)
Let's get in our rocket ship and blast off soon!
(Pretend to climb in ship, swish hands quickly)
Faster and faster we reach to the sky (Jump and reach)
Isn't it fun to be able to fly? (stretch arms out)
We're on the moon, now all take a look (Look down)
Sit back down, and I'll read you a book (All sit down)

Stars

Over there the sun gets up, (Extend arm horizontally.)
And marches all the day. (Raise arm slowly.)
At noon, it stands right overhead (Point straight up.)
At night, it goes away. (Lower arm slowly and drop down.)

A riddle.... Higher than a house, higher than a tree, oh whatever can that be?.....a star!

Wish on a Star

Star light star bright
First star I see tonight
I wish I may, I wish I might
Have the wish I wish tonight

Tiny Star

There's a tiny little star
Way up in the sky (hold fist up)
A tiny little star
Up so very high (raise fist higher)
She twinkles brightly (open fist & wiggle fingers)
Through the night
But during the day
She's out of sight (hide hand behind back)

The Man in the Moon

The man in the moon looked out of the moon
Looked out of the moon and said...
'Tis time for all good children on Earth
To think about going to bed!

Hey diddle diddle

Hey diddle diddle, the cat and the fiddle
The cow jumped over the moon
The little dog laughed, to see such sport,
And the dish ran away with the spoon

The Stars

I watch the stars come out at night
(look up)

I wonder where they get their light
(shrug shoulders)

I don't think they'll ever fall
(shake head "no")

So I'll reach up and pick them all!
(pretend to pick stars from the sky)

Reach for the stars

Bend and stretch (bend low)

Reach for the stars (stretch high)

Here comes Jupiter (swing right arm to the left)

There goes Mars (swing left arm to the right)

Bend and stretch (bend low)

Reach for the sky (stretch high)

Stand on tiptoe (stand on toes)

Oh so high! (reach to ceiling)

Mister Sun

Oh Mister Sun, Sun, Mister golden Sun
(arms circle overhead)

Please shine down on me

(tap chest with hands)

Oh Mister Sun, Sun, Mister golden Sun
(arms circle overhead)

Hiding behind a tree

(cover eyes)

These little children are asking you

(point to others)

To please come out so we can play with you

(clasp hands together)

Oh Mister Sun, Sun, Mister golden Sun
(arms circle overhead)

Please shine down on me

(tap chest with hands)

Star Chart for March

Please note that East and West are NOT the "wrong way round"
if you hold the chart over your head to correspond to the view of the sky.
